512.787.2880 • timduke@gmail.com • 23026 Walderford Dr, Katy, TX 77450 • www.analytical.me

Accomplishments

Web Analyst • Online Marketing

- Created analytics campaigns to discover areas for site improvement based on measuring key performance metrics— including increasing newsletter registrations by 90%.
- 130% increase in visitor traffic via search engine optimization, improving content quality & understanding visitor intent— KROX.com.
- Created analytics dashboards which can be quickly read to gauge website success levels.
- Explained complex data tracking results to coworkers with limited web experience in ways that generated enthusiasm when choosing next actions.
- Used knowledge of web tracking technologies to find areas of inaccurate data reporting to ensure actionable decisions were made with confidence (not bad data!).

Graphic Design • Web

- Continuously generated online advertising promotions with short deadlines and satisfied clients.
- Designed online & offline media for Amplify Credit Union video contest generating 50+ user generated video submissions.
- Increased page views 240% and views per session 35% after working with other departments to get more involved with site's success.

Time Management

- Efficiency expert on matters concerning time management and process implementation.
- Advocate of GTD practices both in the office and out.
- Reduced ad campaign lead time by 70% by creating effective channels of communication and streamlining efforts.
- Never missed a deadline for client work.

Design Awards • Recognition
